## Craft - DIY DRAGON PUZZLE ([video](#))

### Materials:

- White paper
- Pencils, crayons, color pencils, paint or any coloring supply you prefer
- Cardboard or cereal box
- Scissors
- Glue

### Directions:

1. Draw any dragon image on a white paper, then add some color to it.
2. Cut one side of your cereal box. Each box will make two puzzles so save that other side! Using a Sharpie or a pencil, trace an outline of puzzle pieces on your cereal cardboard.
3. Apply your picture to the non-patterned (brown) side of the cereal box with glue. Place the picture down, and smooth thoroughly with your fingers. If any glue squeezes out the sides, wipe it away with a brush or anything that works.
4. Turn your cardboard over and apply your drawing or coloring page to the backside with more glue.
5. If your white paper is thin, you might want to consider painting the cereal box white before applying the paper. Whichever method you choose, allow to dry completely.
6. Cut off excess cardboard and paper around the edges. Then, cut out each piece with scissors!

**Or, print the coloring page on the next page and follow the same instructions.**

## **RAD RECIPES - HOW TO TRAIN YOUR DRAGON: THE HIDDEN WORLD LUNCH SURPRISE!**

### **Ingredients:**

- Flour tortilla
- Cheddar cheese
- Assorted small fruits and vegetables
- Blue and black fondant
- Black food coloring
- Yogurt covered raisins
- Red wax cheese round
- Nori (dried seaweed)
- Purple yogurt
- Purple cereal

### **Directions:**

1. Fill main compartment of lunchbox with assorted small fruits and vegetables that your kids will enjoy. I used grapes, blackberries, and grape tomatoes.
2. Cut flour tortilla and cheddar cheese into the dragon pieces below. It is way easier than it sounds, and it doesn't have to be exact!
3. Assemble the Light Fury on top of the fruits and veggies in the main compartment. Shape the fondant into the eyes and place on top of face. Use black food coloring and toothpick to make the nostrils and nails.
4. Cut nori into Toothless dragon silhouette shape. To make it easier, I cut it into three sections for the head, wing, and tail and arranged them on top of the red wax cheese round. I then moistened it with water to stick it to the top. Place cheese on top of yogurt covered raisins inside compartment.
5. Drop purple yogurt into second side compartment. If you want, you can freeze it overnight and then put the rest of the food in the other compartments the next morning. That way the yogurt stays cold. Top it with purple cereal for the purple fireballs that Toothless and the Light Fury shoot out of their mouths!

## RAD RECIPES - BLUEBERRY LEMONADE OR VIKINGS PUNCH

### Equipment:

- Heavy Bottom Pan
- Measuring Cups
- Stirring Spoon
- Kitchen Strainer
- Blender

### Ingredients:

- 1 cup sugar
- 1 cup water
- 1&1/2 cup Blueberries washed
- 1 cup Lemon juice freshly squeezed
- Club Soda low sodium

### Instructions:

1. Place Sugar and Water in the heavy bottom pot. Put it on the medium high heat. Stir in between. When sugar is completely dissolved in water, switch it off. We are not making a thick syrup.
2. Meanwhile wash the blueberries under cold running water. Then put the blueberries and lemon juice in a blender and blend till smooth.
3. Now strain this blueberry and lemon juice mixture through a strainer and add it to the hot sugar syrup. Mix it well.
4. Close the lid of the pot. Let it stand together till it comes to the room temperature. This is your BLUEBERRY LEMONADE CONCENTRATE. Once cooled, you can store it in an airtight jar and refrigerate it. Use it as desired.

### Instructions: Blueberry Lemonade from Concentrate

1. Take an 8-ounce glass or jar.
2. Fill a bit of it with ICE CUBES.
3. Now pour about 1/4 cup of Blueberry syrup/concentrate to it.
4. Fill the remaining glass with LOW SODIUM CLUB SODA. You may fill it up with regular cold water as well, but club soda makes it fancier and fizzy, which kids really like.

**Notes:** You may use this concentrate to make popsicles or ice cone. Also, you may use any other berry of your choice.
